The Mwangaza Family welcomed back Dr. Shoonie Hartwig, Mwangaza's original Director and now volunteer Consultant, along with Friends of Mwangaza Chair Mary Jo Huelle. They left the U.S. mid-January and return home in early March. A recent email notes that they've hit the ground running, reflective of Mwangaza's busy schedule!

Friends of Mwangaza Expenditures
 Fiscal Year 2010

The chart above shows that 91% of all financial contributions go toward creating Mwangaza's educational offerings delivered to teachers, students, women, and families in all twenty ELCT dioceses. Twice yearly, Friends of Mwangaza funds are wire-transferred to Mwangaza's Arusha-based bank. Fundraising efforts here in the U.S. assume 2% of expenditures, while Friends of Mwangaza administration costs account for 7%. Friends of Mwangaza administration includes the costs of two annual board meetings, supplies, telephone, banking, audit, and insurance. Friends of Mwangaza has no paid staff. All Friends of Mwangaza board members are volunteers.

The Internal Revenue Service recognizes Friends of Mwangaza, Inc. as a 501(c)(3) charitable organization. Contributions are deductible to the full extent of the law.

Though there is disagreement on the date of "National Thank You Day" in September, there is agreement on this:

January is "National Thank You Month." For Friends of Mwangaza, the timing is perfect, giving us a chance to close the books at the end of our fiscal year (January 31) and express our heartfelt thanks to those who financially supported our partnership in our 2010 fiscal year.

Of course, saying thanks to all in Swahili makes it even more official, and so we do: "Asanteni sana!"

The continued support of our U.S. constituents broadens their own world view while at the same time creating opportunities for life-changing learning throughout Tanzanian communities.

We take this opportunity to publicly thank all of you!

Intergenerational teams of women, ranging in age from 15 to 50, came to Mwangaza Centre last month. New insights emerged after studying HIV/AIDS, gender violence, peer pressure, women's health, and conflict resolution. Who made it happen? YOU!
